**Hood Charolais  
Bull Sale**

MAY 6th, 2020 DUNLAP LIVESTOCK AUCTION AT 11:00 AM

HC Montana Jo Jo 842 PLD

HC Fargo 920 P

# Hood Charolais Bull Sale

Sale Location Address:  
Dunlap Livestock Auction  
701 Hwy 30 W  
Dunlap, IA 51529

Welcome to our 7th Annual Bull Sale. Our sale will begin at 11:00 am due to the corona virus limiting crowd sizes. Dunlap is continuing Tuesday and Wednesday sales, and in order to make this happen, we will be starting earlier in the day.

We guarantee all of our bulls for one year. They have all been semen tested and evaluated for reproductive soundness. This information will be available the day of the sale as well. The bulls will be available for viewing starting on the 5th of May at Dunlap Livestock Auction.

For more videos and pictures check out our website [www.hoodcharolais.com](http://www.hoodcharolais.com). We invite you to like us on Facebook at Hood Charolais. On our page, we have videos, pictures, and EPD's of our bulls, along with information about our upcoming sales.

Feel free to contact me at the Locker at (712)-465-2205 or on my cell phone at (712)-210-4958. We are celebrating 25 years in the Charolais and Locker business this year.

Internet bidding is available at Cattle USA. You must apply for a bidding number two days in advance in order to receive it on time for the sale.

Announcements from the auction block take precedents over any printed material.

Dear Friends and Customers,

My family and I would like to invite you to our 7th Annual Bull Sale. Since our inception, we have made birthweight our first priority. Without a live calf, nothing else matters. For every passing year, we are talking with our customers about the performance of their bulls. In doing so, I think that we are achieving multiple generations of low birth weight and a high growth EPD spread.

Once again, our sale offering will include our tried and true proven sires, as well as up and coming AI sires. Feel free to call and visit the bulls before the day of the sale. We would be happy to answer any of your questions that may arise.

The bulls in this catalog reflect our desire to produce a good quality calf for both a commercial and purebred breeder. I think that we have many versatile bulls in our sale, and we are excited for another good year ahead.

I would like to thank you for your repeated generosity and support of our Charolais program. We appreciate all the help from Dunlap Livestock Auction to make this an enjoyable sale day experience. If we can be of any assistance before or on the day of the sale, please don't hesitate to ask. We enjoy hearing from you!

Sincerely,

Mark Hood and Family

# Hood Charolais Bull Sale

**SIRE**

## WC CCC Rocket 4101 P ET

DOB: January 1, 2014

We have used this walking herdsire for five years now and we couldn't be more pleased. He has sired many of our highest gaining bulls since we've introduced him to our herd. He is being used in three different Charolais herds successfully, and on heifers as well. With his daughters in production now, it looks like he has made a foothold as a main bloodline in our herd. When you look through Wright's Sale Catalog, you will see the same performance. His EPD's speak for themselves.

Sire: WC CCCC Rocket 4101  
 MTL: Smokester and Cigar  
 BW: 89  
 ADJWW: 725  
 ADJYW: 1280

This is an excellent Rocket son that's a ranch type of bull. Use him to add pounds on the scale and quality on the rail. He's a 3/4 brother to 817. The grandam of this bull came from Eaton Charolais in Montana. She was the pick of the herd in the Denver Sale out of 1500 registered females. Smokester is one of the best female producing bulls.

## WC Wrangler 4542 P

DOB: November, 23, 2014

He is a herdsire that we selected at Wright's Bull Sale in 2016. We are trying to keep with our formula of concentrating on birth to growth EPD spread. He had five full brothers in Wright's sale, and none were over 74 pounds for birthweight. As you can see in our sale bulls, he has done what we purchased him for.

**SIRE**

## LT Venture 3198 PLD

DOB: March 11, 2013

He is a walking herdsire for Linskov-Theil in South Dakota. He was the second highest selling sire group in the 2017's sale. He is the definition of pounds plus disposition. His first daughters have superior milk and udder scores. His sons are soggy, quiet performers, with added rib and depth. Use Venture and his birth to growth EPD spread with confidence and take the marketability of his calves to the bank.

Thank you all for your consideration to purchase a bull from our family. I would be happy to answer any questions that may arise about our bulls and we look forward to hearing from you!

**- Mark Hood**

## Hood Charolais Bull Sale

This is why we love using Rocket 4101. The ribeyes pictured to the right are from two different market heifers out of our Rocket bull. When we are talking about consistency and carcass merit, this is a prime example. These heifers are out of the same cow families as the 817 and 853 bulls.

If you buy or have bought one of our bulls: this coming fall, please let us know when you are selling your calves. We are looking for a select group of crossbred calves that are sired by our bulls.

Please note for next year: we will be changing our bull sale to the first Wednesday in March. We are doing this to accomodate for our customers who would like to use their bulls earlier in the year. You will still have the option of us keeping the bulls until you are ready to use them. Our sale date will be March 3, 2021.
